Erin Keller

FULL STACK DEVELOPER

Profile

Technically proficient and committed developer with 10+ years experience who maintains cutting-edge skills and industry knowledge. Experience coding responsive websites and web applications using HTML/HTML5, LESS, CSS/CSS3, SASS, JavaScript, jQuery, Node.js, MongoDB, and ReactJS.

Employment History

Learning Developer, IBM, Lansing

MAY 2013 — PRESENT

I provide consultation, web application development, and technical support as part of my job duties. Creating learning tools to promote growth in leadership, management, and executive development is one of my responsibilities. Additionally, I create email communications for various programs offered by Leadership Academy and assist in managing content. Our technology stack is made up of HTML5, CSS/SASS, PHP (old site), JavaScript, Node.js, MongoDB, and ReactJS (new site), together with Cirrus for cloud development.

Student Programmer, Lansing Community College , Lansing

MAY 2012 — MAY 2013

Code PL/SQL queries to manage databases, write applications in Application Express, install new applications and new versions of existing applications, assist in code reviews (mainly PL/SQL, and Java).

Front-end Developer, Tripper's, Lansing

SEPTEMBER 2010 — SEPTEMBER 2011

Designer and developer of the Tripper's restaurant web site and promotional materials. A modern design was used to create an eye-catching site for the client. The site was created using CSS, HTML, and form processing. Designed and assembled web graphics, web advertisements, and restaurant interactive menus (graphic work did not include "Tripper's" logo). In addition to managing the site, I handled correspondence between the manager and online customers.

Shift Leader II, Speedway, LLC, Lansing

FEBRUARY 2006 — SEPTEMBER 2010

The company heavily trained me in both food service management and leadership. The majority of the schedules were handled by me while I was employed, and I managed multiple employees. The other tasks include cash management, organizing special events, daily reporting, and maintaining inventory.

Education

Diploma: General Education, Sault Area High School, Sault Ste. Marie

SEPTEMBER 2000 — MAY 2004

Activities and societies: Kiwanis Key Club, JV/Varsity Softball, Varsity Diving.

Studies focused in general education, art (including art history), and computer networking. Graduated with a certification in Novell Networking through the Career Center.
